GLOBAL OPPORTUNITY

Unlimited opportunities
in a borderless world

Welcome to EIGEN AI

EIGEN AI is a technology-driven ecosystem that combines Artificial Intelligence (AI) with advanced arbitrage technology to identify market opportunities through automated analysis and execution. Designed to deliver an efficient, transparent, and scalable digital wealth experience, the platform brings together intelligent automation, innovative financial strategies, and a global community into one integrated ecosystem.

In today's rapidly evolving digital economy, speed, accuracy, and intelligent decision-making are essential. Traditional financial systems often rely on manual monitoring and delayed responses, making it difficult to capture market opportunities in real time. EIGEN AI addresses these challenges by leveraging AI-powered analytics that continuously monitor multiple markets, detect pricing differences, and support automated execution strategies.

The platform is designed for individuals seeking a modern and technology-driven approach to digital finance. Whether you are new to AI-powered financial solutions or already familiar with digital markets, EIGEN AI provides a structured ecosystem built around innovation, accessibility, and sustainable growth.

Vision

To become a globally recognized AI-powered financial technology ecosystem focused on innovation, automation, and sustainable growth.

Mission

To provide accessible AI-driven arbitrage technology, create multiple reward opportunities, and empower a worldwide community through advanced digital solutions.

The Power of Artificial Intelligence

Artificial Intelligence has transformed how financial markets are analyzed by processing vast amounts of data within seconds. Instead of relying solely on human observation, AI continuously monitors market conditions, identifies patterns, evaluates opportunities, and supports intelligent decision-making in real time.

This enables faster responses, improved efficiency, and continuous market monitoring while reducing the need for constant manual intervention.

What is Arbitrage?

Arbitrage is a strategy that seeks to benefit from price differences of similar assets across different markets. Rather than depending on market predictions, arbitrage focuses on identifying pricing inefficiencies that naturally occur across exchanges or trading environments.

For example:

Market A:

Asset Price = \$100

Market B:

Asset Price = \$102

✓ The difference in pricing represents a potential arbitrage opportunity.

Why AI + Arbitrage Works Together

By combining Artificial Intelligence with arbitrage technology, EIGEN can:

HOW THE PLATFORM WORKS

SMARTER TECHNOLOGY • STRONGER DECISIONS • BETTER RESULTS

ARBITRAGE TECHNOLOGY

The EIGEN AI platform continuously scans multiple digital markets to identify pricing differences and potential arbitrage opportunities. Through intelligent automation and real-time analytics, the platform supports efficient market analysis while reducing the complexity of manual monitoring.

AI AUTOMATION

Artificial Intelligence serves as the core engine of the ecosystem by:

- Collecting real-time market data
- Analyzing pricing movements
- Identifying arbitrage opportunities
- Supporting automated execution
- Continuously optimizing performance

The automation process enables consistent monitoring and faster response times compared to traditional manual systems.

RISK MANAGEMENT

Operational efficiency is supported through:

- Advanced monitoring systems
- Continuous data analysis
- Predefined operational controls
- Intelligent market evaluation
- Automated monitoring processes

These features help maintain stable platform operations while adapting to changing market conditions.

GLOBAL OPPORTUNITIES

The technology is designed to monitor opportunities across international digital markets, allowing the platform to identify potential opportunities from multiple regions around the world.

POWER START BONUS BINARY MLM PLAN

EIGEN AI follows a simple and powerful Binary Plan with **Power Start Bonus** concept that rewards you instantly on your new joins and helps you start your income journey fast.

HOW THE PLAN WORKS

- 1. YOU**
You (the sponsor) are at the top of the binary tree.
- 2. LEFT & RIGHT**
You personally sponsor two members – one in the Left leg and one in the Right leg.
- 3. TEAM BUILDS**
Your team members do the same, building their own Left and Right teams.
- 4. PAIR & EARN**
Earnings are generated when pairs are formed between Left and Right legs.
- 5. SPILL OVER**
When one leg has more members than the other, the extra members (Spill Over) move to the next available position in the same leg.

**TIREL MACHING
BONUS**
25%

You will earn 25% Bonus on the matching income generated from the binary pairs.

- ✓ The bonus is calculated on the overall pair income.
- ✓ Payout and other terms will be as per company policy.

**25%
BONUS**

+

**100
WORKING DAYS**

=

**0.25%
PER WORKING DAY**

The 25% Matching Bonus is distributed over 100 working days
You will earn **0.25% per** working day.

EXAMPLE

Left Team Income (Pairs)	: \$1,000
Right Team Income (Pairs)	: \$800
Total Pair Income	: \$1,800
Your Matching Bonus (25%)	: \$450
Per Day Earnings (0.25%)	: \$4.50

The Binary Plan with Spill Over ensures that your team keeps growing and you keep earning without any limit.

KEY BENEFITS

**UNLIMITED
EARNING
POTENTIAL**

No limit on team size or income.

**BALANCED
GROWTH**

Spill Over maintains balance and ensures continuous growth.

**SIMPLE &
FAIR SYSTEM**

Easy to understand and fair for every member.

**PASSIVE INCOME
OPPORTUNITY**

Earn consistently as your team grows globally.

**GLOBAL
EXPANSION**

Build an international team and achieve financial freedom.

NOTE: All rewards and bonuses are calculated as per company compensation plan and policies. EIGEN AI reserves the right to modify the plan, rules, and terms at any time.

FINANCIAL FREEDOM

DIRECT REFERRAL BONUS

The Direct Referral Bonus rewards members for personally introducing new participants who activate a qualifying package. Every successful direct referral generates a **one-time bonus** based on the company's official compensation plan. There is no limit to the number of direct referrals a member can make, allowing participants to continue expanding their network without restrictions.

BONUS STRUCTURE

Package	Direct Bonus
\$100 Package	According to Compensation Plan
Higher Packages	According to Compensation Plan

KEY FEATURES

One-time referral reward.

Unlimited direct referrals.

Immediate qualification upon activation.

Simple and transparent structure.

Supports long-term community development.

ADVANTAGES

Build your personal network.

Earn referral-based rewards.

Expand your global team.

Increase participation within the ecosystem.

SYNERGY BONUS

The Synergy Bonus is designed to reward balanced team growth by matching business volume from both the left and right teams. This bonus encourages members to build strong and active organizations while maintaining balance between both sides of the binary structure.

HOW IT WORKS

Business volume generated by both teams is tracked daily. The Synergy Bonus is calculated using the smaller business volume between the left and right legs.
